

## *Cape of Good Hope Description*

This document is a picture, more exactly a photograph. It represents a landscape. In the foreground, there are rocks and sand. The weather **seems** to be clear **because** the sky is blue **in spite of** a few white clouds.

In the background, there is water. **As** we can see **waves**, we can **claim** it is **neither** a lake **nor** a river so it must be a sea or an ocean.

At middle distance, on the left, there is a rocky **cliff**. In the centre of the photograph, there is a **wooden sign**. Something is written on it. The first word seems to be "Cape" and the last one "Hope". One word is not **entirely** visible but it **ends with** "ood". This word could be food, good, **hood**, **mood**, wood.

The missing word is "Good" **because** the sign shows "the Cape of Good Hope", the most south western point of the African continent.
